MEDIA BUREAU IDENTIFIES GROUPS OF MUTUALLY EXCLUSIVE APPLICATIONS SUBMITTED IN THE OCTOBER 2007 FILING WINDOW FOR NONCOMMERCIAL EDUCATIONAL FM STATIONS

By: Chief, Media Bureau

In October 2007, the Media Bureau (“Bureau”) received approximately 3,600 applications to construct new noncommercial educational (“NCE”) FM stations.¹ The Bureau has processed each of the approximately 1,230 applications that fall into the following categories: singletons, those that could be accepted for filing, and those that were subject to dismissal. On March 7, 2008, the Bureau released a Public Notice that identified most groups containing four or fewer applications.² On June 18, 2008, the Bureau released a Public Notice that identified groups containing thirteen or fewer applications.³ At this time, the Bureau is announcing substantially all remaining groups. As required by Section 73.3573(e)(4)⁴ of the Commission’s Rules, the Bureau announces that it has identified the following groups of mutually exclusive applications listed in Attachment A. **An applicant that believes that an application has been either erroneously included or erroneously excluded from any of the mutually exclusive groups listed in Attachment A should bring this matter to the attention of the Audio Division within 30 days.**

If applicants in a mutually exclusive group identified in Attachment A are negotiating a settlement or share time arrangement, they should advise the Audio Division within 30 days to withhold further processing of the pertinent applications pursuant to Section 73.7004(d) of the Commission’s Rules.⁵ Otherwise, the Bureau will begin comparative analyses immediately following the expiration of this 30-day settlement period.⁶
